

Although we remain closed to the public for dining at the restaurant, we are offering a takeaway menu every Friday and Saturday night. This has the normal staple takeaway dishes on it plus every week we do specials that might appear on the restaurant menu if we were open.

To view the takeaway menu and order, either use the click and collect button or download our app The Bridge Riverside Eaterie from your app store.

Orders must be placed by 12pm on the day required.

After the success of our Valentines DIY dine at home 'makeaway' menu we will be offering a similar type menu once a month.

To be kept informed of offers and menus then either download the app or complete the contact form under the news tab on the website.
